## **?** What is Dasuquin?

Dasuquin is a unique, advanced joint health supplement for dogs and cats. Dasuquin feeds and supports the cartilage lining in your pet's joints, helping them move more easily and comfortably.

## **?** How is Dasuquin different?

Dasuquin is the only joint supplement available that contains the innovative new ingredient ASU along with the optimal amount of Glucosamine HCl (FCHG49<sup>®</sup>) and Chondroitin Sulphate (TRH122<sup>®</sup>) for your pet. This unique combination has been shown, in numerous scientific studies, to support new cartilage production.

## **i** Supported by science

Over 30 published and peer-reviewed studies in dogs, cats, horses and humans.
