

## Veterinary Technical Advisor

Protexin®

Full time, permanent role  
Home Based  
Competitive salary  
Company Car  
Benefits

This is an excellent opportunity to join one of the fastest growing companies in the industry, in a role that is quite unique. You will report to our Veterinary Technical Manager and assist in providing technical support for our range of market-leading small animal products. The job will be home-based and ideally we would like applicants to be based north of Birmingham.

Working in a close-knit, highly motivated team your responsibilities would include:

- Acting as the primary contact for veterinary enquiries
- Providing excellent technical support to our UK sales team
- Providing technical support to veterinary practices, referral centres and universities
- Working with the marketing team to produce product literature and articles
- Working in conjunction with other departments to develop new and innovative products for the Veterinary market
- Attending veterinary congresses in the UK and abroad

The successful candidate will be a MRCVS with experience in small animal practice. You will also be a skilled, confident communicator, highly motivated and ready for a challenge. Although based at home there will also be significant UK and some international travel.

Your contribution to Protexin Veterinary will be rewarded with a highly competitive salary and a range of benefits including a company car, contributory pension scheme, healthcare and 28 days annual leave.

**To apply for this unique opportunity, please send your CV plus a covering letter giving details of your current salary to:**

**Claire Rowswell, HR Manager**
